Sometime before night an alleged auto thief will be arraigned before Magistrate H. W. Scott. His name is John Norton and the authorities claim that he stole a Ford car from the premises of Levi Wilder on the edge of Duxbury Monday night. Mr. Wilder missed the car early yesterday and after they had been notified of the theft Deputy Sheriff George Granfield and Deputy Farr, the former of Fayston and the latter of Walsfield, traced the missing auto through the Graniteville woods. They learned that the thief rode through White River Junction around 6 a. m. They continued their pursuit, and this forenoon State's Atty. Earle R. Davis received word that Norton, after having disposed of the car, was apprehended near Springfield, and that the officers were on their way to Barre with him. It was further declared over the telephone that so hot was the pursuit that the alleged thief did not have time to cash the check tendered him in payment for the auto.

London, Oct. 1.—Newton D. Baker, the American secretary of war, issued the following statement here to-night: "The primary purpose of my visit to London was to arrange for the carrying out of the matter of shipping to carry out the enlarged military program upon which America has embarked.
